

calibrate

From AIS

Calibrate constructs open plan desking, benching solutions and private office environments with ease. Freestanding components and accessories are designed to pump up the volume of any traditional office space. Consider Calibrate a ‘kit of parts’ with flexible upscale solutions you can mix and match.

Calibrate components can be coupled with any AIS product. Utilize AIS Matrix for optimal design flexibility and robust electrical capabilities, or utilize AIS Divi monolithic panels for a cost-effective panel option.
