

# Surpass<sup>®</sup>

Desking System

Expand Your Reach.

# Stretch your imagination and your dollar.

Surpass provides a menu of storage and desking options to furnish your office exactly as you like. Mix and match worksurfaces and support kits to get just the right functionality, aesthetic and cost. With a Limited Lifetime Warranty, you can be assured Surpass is a value today and tomorrow.

Straight and corner steel hutches with top mounted hinged doors provide storage and space division.

Sound-dampening core option in the chassis reduces ambient noise.

Our supplier certification program identifies companies with environmental goals similar to ours.

Our outbound load planning system combines product shipments to geographical areas to reduce fuel consumption and greenhouse gas emissions.

Our products utilize steel and aluminum that contain post-consumer materials and are recyclable.

Tool rails support customizable desk height organization tools to keep the items you need within arm's reach.

Strong steel construction protects your investment for years to come.

Coordinating pedestals, lateral files and storage towers ensure the perfect solution for every storage need.

# Collaborative and productive.

Create an open floor plan that makes the most of a small footprint. Surpass is designed to be flexible, so you can specify added functionality only where it is needed, enabling you to manage your budget and your space. Collaboration and productivity coexist effortlessly with low fabric screens that add just the right amount of privacy.

Fabric screen increases visual privacy and the accessory rail provides access to file management tools.

Lateral files with worksurface tops add collaborative workspace and storage for shared resources.

Mobile pedestals with cushion tops function as additional seating and can be rolled to wherever they are needed.

A selection of our panel fabrics contain recycled content and may contribute to your effort towards LEED certification.

Our powder coat paint finishes are applied in a special chamber that continuously collects excess paint particles so they can be reused.

Our packaging contains recycled material and is recyclable, while our bulk pack option reduces the overall amount of packaging and thus transportation needed.

Closed end panels provide a clean look.

## Power to the office.

Surpass was designed for uncomplicated functionality. Electrical can be routed within the support structure, to help manage cords and keep your office clean and organized. Small, discreet power modules mounted just under the worksurface let your team easily plug in and power up. Worksurfaces are available in a variety of shapes and sizes to suit any work style, and a broad range of laminate, paint and fabric options compliment any workspace.

Add a tackboard to a hutch to provide a space for personalization or to display important information.

Available in a variety of shapes, sizes and finishes, high pressure laminate worksurfaces are also strong enough to endure years of day-to-day use and reconfigurations.

Surpass's worksurfaces and storage have received SCS Indoor Advantage Gold Certification for indoor air quality.

Our particleboard contains post-consumer and post-industrial recycled content.

Task lights brighten your primary workspace.

Grommets provide easy cord pass through and under desk wire management trays help keep wires organized.

Modesty panels in full or half heights give you control over privacy and accessibility.

Open support legs allow easier routing of electrical and data cabling through the understructure.

# How to order.

## Ordering Surpass is easy!

- 1. Select your worksurface.** Choose from a simple rectangular desk to an L- or U-shape desk.
- 2. Select the support kit for the worksurface you've chosen.** Pick a half-modesty or full-modesty panel.
- 3. Select the storage you want.** Maxon offers many storage options from lateral files to mobile pedestals. Surpass is available with hutches for overhead storage.
- 4. Accessorize your desk.** Privacy screens, tool rails with hanging accessories, monitor arms and keyboard trays are all available.
- 5. Now pick your finishes.** Maxon offers Core and Premium paint options, a wide range of laminate choices, panel fabrics for the tackboards and screens, glass options for privacy and upholstery for the mobile pedestal cushions.

For example, if you wanted to order one of the workstations on this page, you would choose the following components:

Model Number	Description	Quantity
M-MDWRE2472	Rectangular worksurface 24Dx72W, Edgeband	1
M-MDDS2472FP	Support kit: Rectangle desk, full mod. 24x72	1
M-MDWRE2448	Rectangle worksurface 24Dx48W, Edgeband	1
M-MDRD2448HO	Return to rectangle support kit with open leg	1
M-MDDS1336G	Desk mounted glass screen, 13Hx36W	2
M-MDDS1348F	Desk mounted fabric screen, 13Hx48W	1
M-ESM24BF-R	Mobile pedestal, box/file, 23D, R-pull	1
M-ESM24SEAT	Cushion for mobile pedestal	1

You've created your new office!
